Chapter 2

After her five years of her marriage due to extreme stress, she was in a relationship with her old partner. It was a relationship that happened all of a sudden, but the one in question wasn't really concerned at all about her stress. Trying to make up for the lost memories, the everyday life of their "once again" was a "new love" made up for a fresh and new beginning. This was a new and a cheerful moment. Comedy.

it any
longer...

...can it?
